dated February 1919, issuing
further directions regarding the future
control of food supply in the State.

Order:-

As a result of the removal of
restrictions on the transport of food
grains from one place to another within
the State and also of the withdrawal of
the orders fixing maximum wholesale and
retail prices, ordered in the Government
Order read above, Government consider
that ~~there may possibly be a tendency for~~
the prices of the food grains ~~to go up~~
~~and that it is consequently~~ necessary to
have reserve depots opened at different
places for the ~~places~~ purpose of steady-
ing the market, ~~and also for supplying~~
~~food~~ grains to the poor at concession
~~rates, and they are accordingly pleased~~

2- If as a result of the measures now taken, and owing to the consumption of stocks the price of ragi should rise very high - say about 8 seers per rupee, it may become necessary to afford relief to the very poor people who may be unable to buy the grain at the prevailing market rates. In such circumstances it may be necessary to sell grain to such people at concession rates. Where such conditions come into existence Deputy Commissioners of Districts should make a full report as to the extent to which and the manner in which such relief may be given and should address the Food Controller in time and seek the orders of Government.

3. [illegible]
please

to direct that the existing the district depots be utilised for the this purpose. The Deputy Commissioners of Districts an the Presidents of the two City Municipal -ties are requested to submit without an delay proposals through the Food Control for opening new depots wherever necessar and also for the establishment etc., req ed therefor. The three Provincial Depots at Bangalore, Mysore and Tumkur will be made use of for storing grains f supply to these district depots and also for au exports supply outside the State in fulfilment the obligations entered into by Govt.

4. The supply of grains to the depc and also to places outside the State may arranged for as far as possible through the merchants. But if it is not found possible to do so recourcourse may be had t commandeering under the Defence of Indi Rules. Govt. are accordingly pleased t issue the instructions, set forth in th annexure, for the guidance of local off in commandeering food grains.

The following instructions are issued for the guidance of local officers in commandeering food stuffs for public use:-

1. Food Controller, Deputy Commissioners of Districts, Assistant Commissioners of the Revenue Department, Amildars, Deputy Amildars, District Economic Superintendents and the Vice President, Kolar Gold Fields have been empowered under Rule 3 B, (2) (c) of the Defence of India Regulation to take over stocks of articles, the prices for commandeering which have been fixed.

2. Stocks may be commandeered only from persons holding large stocks. Any officer duly empowered in this behalf may personally take over the stock after issuing an order in writing to the person holding stocks to deliver the quantity named, in such manner as may be suitable. As far as possible, the supplies required will be drawn from the several stock holders in a village or other area, without unduly pressing on any one.

3. In order not to inconvenience the individuals from whom the stocks are commandeered, at least a year's supply for the person, his family and dependents will be left with him. In calculating these requirements, two pallas of ragi, rice or jolam or four pallas of paddy may be taken as needed per individual per year.

4. When stocks are taken over, the Officer empowered to take delivery will prepare a mahazar showing the quantity taken over, as per actual measurement, in the presence of a panchayet of not less than three respectable local residents. Payment will be made to the individual immediately on taking over the stocks and in the presence of the panchayetdars at rates fixed by Government. But if the commandeering rates fixed are considered very low when compared with the prevailing rates at the locality, Deputy Commissioners may allow such rates not exceeding the prevailing rates at the plac

5. Correct accounts in the forms prescri ed should be kept of the quantity commande -ed and steps taken to see that the stocks commandeered are immediately dealt wi under the instructions of the Food Control

6. Every care shall be taken to avoid abuses and all complaints of irregularitie should be properly enquired into and dealt with.

Sir,

In regard to the conditions to be prescribed by me subject to the approval of Government under which local merchants may be enabled to import rice from outside the State, vide para 3 of Government Proceedings No.G.17327-77/ P.P.134-18-236 of the 14th instant, I have the honour to enclose herein a copy of the resolution of the Food Supplies Committee at its meeting held on the 15th instant and to request sanction of Government to the arrangement therein referred to (which is what I have already made) viz., to obtain undertakings from merchants to sell the imported rice at a profit not exceeding one rupee per palla over and above the invoice price plus railway and steamer freights. The condition prescribed by the Director of Civil Supplies, Madras, for imports from Burma is, I understand, that a profit not exceeding 4 annas per maund should be charged.

This comes to 12 annas per palla, but it is learned that this is in addition to all costs, such as interest, establishment charges, etc. I do not propose to allow for such unverifiable charges, but would take into calculation only the invoice price and the railway and steamer freights, and would therefore allow 4 annas per palla over and above what the Madras Director allows. Several merchants have expressed the opinion that this is reasonable and given undertakings accordingly. As to the arrangements and the establishment required to see that the undertakings given by the merchants are enforced, I shall address Government later.

I, further propose registering the names of all the merchants who are permitted to import food stuffs from outside the State. In case any of the conditions under which the import is allowed are violated, the registration will be cancelled.

Sir,

With reference to para 2 of Government Proceedings No. G.17327-77/P.P.134-18-286 of the 14th February 1919, cancelling rules as to priority certificates except for traffic booked to stations beyond Holalkere on the Bangalore-Harihar line, Dodballapur on the Bangalore-Hindupur line and Bowringpet on the Bangalore-Madras line, I have the honour to state that nothing has been said about booking of traffic on the Kolar Gold Fields Railway. As all the stations on this railway are within 10 miles of the frontier, I believe it is the intention of Government that traffic in grains on the Kolar Gold Fields railway should be under strict control. I have the honour to request that this may be kindly made clear so that the Railway authorities may not book grains to or from the Kolar Gold Fields without priority certificates.

Sir,

With reference to Government Notification No.G.17591/P.P.134/18-300 of the 17th instant, in regard to consignments by railway of controlled food grains, I have the honour to state that the notification, referring as it does only to food grains, would appear not to include such commodities as gram, pulses and chillies, which are controlled, but do not come under the category of food grains. I would, therefore, sugge for the consideration of Government that the words "controlle food stuffs" may be substituted for "controlled food grains."

Similarly in Notification No.G.17573/P.P.134-18-299 of the 17th instant, prescribing special rules for areas within 10 miles of the State frontier, it appears to be necessary that the special rules should be made applicable to all controlled food stuffs instead of controlled food grains only as at present.

Very early orders are solicited.
